**Kaufman Garments**  
are created fashions new and out of the ordinary. The product of the highest order of the expert designer's art. The material is carefully selected not alone for appearance but for wearing qualities as well.

The majority of fabrics are of original designs and in most cases are made expressly for the Kaufman Garments. No other garment wears as well, and no other garment looks as well. To sum up—perfection in tailoring.

The Kaufman Carleton, a new creation for 1903, a sack suit of original design. It is adapted to both young and middle aged men. This garment will appeal strongly to every lover of good dress.

### Direct From Spilvalo & Co.

A shipment of Italian macaroni, spaghetti, vermicelli soup noodles, etc. in 1 pound and 2 pound packages and 10 pound and 50 pound boxes. We received this shipment of paste direct from C. R. Spilvalo & Co., the paste importers, and guarantee it to be the best quality. Johnson Bros.

### The Smallpox Cases

The homes of Jacob Utzinger and Mrs. Schroder in East Astoria will be fumigated today and the quarantine lifted. The smallpox cases in both families have been of a light nature and at no time during the progress of the disease was there a suggestion of danger. The two children of William Beck have also been recovered and in a few days will be free to leave the house.

### Still at Work

The dredge of the Columbia River Digger company is still at work on the Lewis and Clark. Earl Hackett, the general manager, says the work will be completed by the 25th of next month. The company has made nearly two miles of dyke for Mr. Dement, and with the exception of two large sloughs has enclosed 600 acres of the finest tidal land in Clatsop county.

### Favorable Sentiment.

Chairman Charles V. Brown and Secretary Oswald West yesterday interviewed a number of the business men of the city on the subject of the coming regatta and found the sentiment practically unanimous in favor of it, receiving many unsolicited pledges of financial assistance. This is encouragement which is appreciated by those who are to perform the arduous labor connected with the regatta, and it is to be hoped that such will continue to be given.

### Alliance Reaches Port

The steam schooner Alliance, which on Sunday morning, struck an uncharted reef off Point Gorda and was later chartered arrived in San Francisco yesterday having arrived under her own steam and with all four of her passengers on board. To the fact that the Alliance was an oil burner, Captain Hardwick ascribes the good fortune which attended his efforts. Had the accident occurred while she was burning coal nothing, he declares, could have prevented her going down shortly after striking the rock. As an oil-burner her furnaces are high and the feeding of the fire a much simpler process. When she was beached at Caspar there was five feet of water in her hold.

### Secretary of State in Astoria

Hon. Frank I. Dunbar, secretary of state, is in Astoria on a brief visit. At sight of Astoria's noble courthouse where he had spent so many years in good service, Mr. Dunbar's affection for the old trap was overcome by the contrast it bears to other public buildings of the state and he remarked that a new courthouse would not be out of place in a county with as intelligent and prosperous a population as that which Clatsop county has. Speaking of improvements Mr. Dunbar said that Salem was making good progress in building and other enterprises. The ladies have taken a very active part in civic progress and have among other features undertaken the improvement of Marion square, a city park, which they will make a very beautiful and attractive recreation ground, with good provision for music etc. Mr. Dunbar especially commends the action of the council in commencing the use of macadam for streets, that being the most approved material for this country.

### Bristol Bay Rates Named

At a meeting of the Fishermen's Protective Union of Bristol Bay, Alaska, held at the C. R. P. U. hall last evening, the following rates and stipulations for Alaska fishing during the coming season were adopted: For red and silver salmon, 2-1-2 each; for king salmon, 10c each; white salmon, 2c each. For the run from Astoria to Bristol Bay and return, \$50. Each boat to be allowed to deliver not less than 1200 fish per day. If a boat is hauled off by the cannery its crew to be paid for the average catch not to be less than 1200 per day. A committee of three consisting of Messrs. Shay, Kusick and Johnson, was elected to inform the cannery of the action of the union today. The adoption of rates by the union was delayed until last night because the rates adopted by the Alaska Fishermen's Union at San Francisco had not been authoritatively received and it was desired to base action on the prices named by it. The figures stipulated last evening are the same as those named in San Francisco except that the limit is placed at 1200 fish per boat instead of 1000. Secretary Johnson says that the men are not anxious to go north at the prices they have approved, and that several have signified their intention of asking for retiring cards because the price was not placed at 3 cents instead of 2 1-2. He says that the offer of \$2 per day in the logging camps is more tempting to many of the men than a trip north at these figures.

### PERSONAL MENTION.

Prof. Rounds was over from Warrenton yesterday.

R. J. Abbott of Warrenton did business here yesterday.

Miss Gertrude Tobin of Los Angeles is visiting Mr. and Mrs. John Eldredge.

H. G. Van Dusen went out of the city last night on professional business.

W. P. Joiner representing the Lash's Bitters company of San Francisco is in the city.

Thos. Henningsen was in from Youngs river yesterday. One of his daughters has been quite ill for some days.

Mrs. Dr. Alfred Kinney returned last evening from a visit with her son Albert, who is attending a dental college in Portland.

Capt. and Mrs. Brooks Payne, Miss Marion Payne and Lieut. Spurr returned home to Ft. Canby yesterday after a short visit in Astoria.

Miss Nellie Jeffery left yesterday to visit her sister Mrs. Robert Coulter at Wiser, Idaho, and her aunt and grandmother at Hannaford, Utah.

A. Becker, representing the Allen-Gilbert piano house, was here yesterday. Mr. Becker expects to be in the city next summer with a stock of instruments.

Mrs. Edyth Tosier Weathered came down from Portland yesterday noon and returned at night. During her stay here Mrs. Weathered was the guest of Mr. and Mrs. James W. Welch.

S. S. Gordon was able to be out for a short time yesterday and expects to soon be entirely recovered from the effects of his late fall. His sister Mrs. Clark of Portland is visiting him for a few days.

Charles Heilborn is not improving since his recent attack of paralysis. His right side is entirely paralyzed and he is able to talk but little. Being nearly 50 years of age, grave fears are entertained for him.

NEW STAMPS ARE IMPERFECT. Owing to an imperfection in the new 2-cent stamps recently issued, they have all been called in and a new design is to be adopted. Many persons suffering from stomach, liver and kidney complaints and who have tried various remedies without obtaining relief have also discovered that they made a mistake in the selection of a medicine to cure them. There is only one such medicine and that is Hostetter's Stomach Bitters. To all such sufferers we desire to call attention to its unequalled record of cures extending over a period of 50 years. Then surely the bitters is the right medicine for your case. It positively cures flatulency, heartburn, dyspepsia, indigestion, liver and kidney troubles, la grippe and malaria. Try a bottle and test it for yourself.

### Cheap Fuel.

Fire slawood, stove lengths, \$2.50 per cord. Boxwood \$1.50 per large load. Phone 2211 Black. Kelly, the transfer man.

### For Easter

The most elaborate line of imported Easter novelties ever brought to Astoria. Many varieties and very cheap. Special Easter candy boxes. You must see them at Hoefler's.

### MEN WANTED.

Two good yard men for handling lumber are wanted at once at the Universal Sash and Door factory.

## RETURNED FROM SOUTH

Ex-Governor T. T. Geer Did Good Work for the Lewis and Clark Fair.

Ex-Governor T. T. Geer arrived in Astoria yesterday to join Mrs. Geer at the bedside of her mother, Mrs. Hannah Trullinger, whose condition last evening was slightly improved.

Mr. Geer has just returned from an extended tour in the Mississippi valley, coming back by way of Louisiana and Texas. He visited Nebraska and Missouri in the interest of the Lewis and Clark exposition, accomplishing much good work for the fair and for the whole state of Oregon as well. While he could not remain at Lincoln until action had been taken on the matter, he received the assurance from the committee on appropriations that an appropriation of \$10,000 would be recommended with which to represent Nebraska at Portland in 1905.

Mr. Geer's notable speech before the Missouri legislature is well known, as is his success in securing a handsome appropriation for the fair.

Referring to his trip after leaving St. Louis the ex-governor said: "I returned home by way of the south because I had never been in that part of the country and desired to see it. I stopped in Jackson, New Orleans, El Paso and other cities, and was much pleased with my visit to them. Everywhere I found a strong interest in the northwest and in the Lewis and Clark fair, and I believe the south will be well represented among its visitors.

While not actively representing the fair there, I of course embraced the opportunity of saying a word for Oregon whenever possible. It was well worth the trip to the south to see the mighty Mississippi in full flood. The spectacle of so vast a river flowing by the city with its surface full 16 feet above the level of the streets was awe-inspiring in the extreme. The city of New Orleans, however, was at no time in danger as the levees are quite sufficient but 100 miles above great damage was done by the escaping waters which flooded the country for many miles, destroying much property."

Woman's Lewis and Clark Club Assisted Local Ladies to Organize Here Yesterday.

The leading Astoria ladies met yesterday afternoon in the room of the Chamber of Commerce and, under the supervision of Mrs. Edyth Tosier Weathered, organized a Woman's Lewis and Clark club. Mrs. Duncan Stewart was appointed secretary for the meeting. The permanent officers elected are: President, Mrs. James W. Welch; vice-president, Mrs. H. G. Van Dusen; secretary, Mrs. Duncan Stewart; executive committee, Mrs. P. A. Stokes (chairman), Mrs. C. W. Fulton, Mrs. I. Bergman, Mrs. C. R. Higgins and Mrs. Herman Prael.

The object of the club is to organize the women systematically to work for the fair. These clubs are being started throughout the state and Mrs. Weathered seems to be the spirit that moves them to action. The special work of the clubs will be to contribute their various mites toward the women's building, which is to be made a feature at the exposition. Aside from this and general assistance, the particular country represented will be boomed. Mrs. Weathered is particularly interested in Astoria, and this section generally, and is earnest in her endeavors to bring its resources to the front. She stated yesterday that when Ella Wheeler Wilcox visits Portland, which will be in a few days, she will endeavor to have her visit here.

Mrs. Weathered explained that she wants this county written up in both prose and poetry and that Mrs. Wilcox is the literary artist who can do it. By motion the ladies yesterday extended a vote of thanks to Mrs. Weathered for her efforts in behalf of local interests.

Club Finds Opposition The Women's Lewis and Clark Fair club, recently organized in Portland, has met opposition from an unexpected source. A number of the ladies claim it is an irregular organization and when appointed to offices withdrew their names. It seems that another club had already been formed there, "a club within a club." Mrs. Weathered explained yesterday, and the new organization is looked upon somewhat as a rival. The club, however, is still intact and it is expected to weather all adverse squalls and eventually accomplish its mission, which is to advertise Oregon's resources.

Now Open. After being handsomely remodeled, refurnished and enlarged, the famous Toke Point Oyster house is again open to the public. The celebrated Toke point oysters and all other delicacies will be served in our superior style at all hours. Private rooms. Eleventh street.
